DODWA HEALTH RESEARCH CENTRE

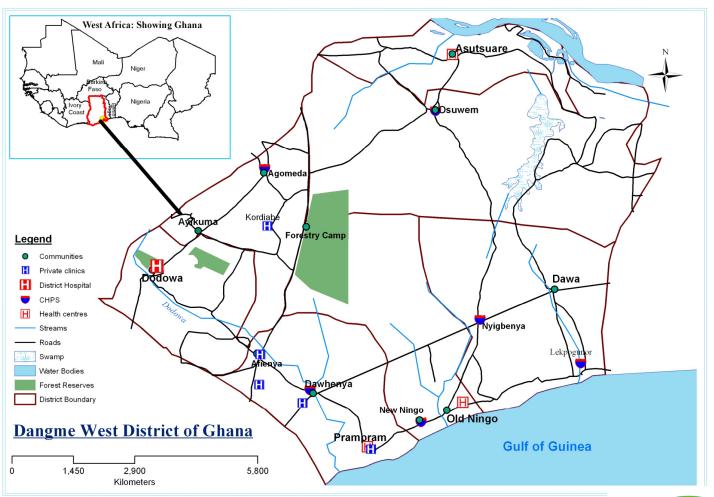

OUTLINE

- Background
- Objectives and Focus for 2009
- Completed and current projects
- DDHSS
- Linkages
- Collaborations

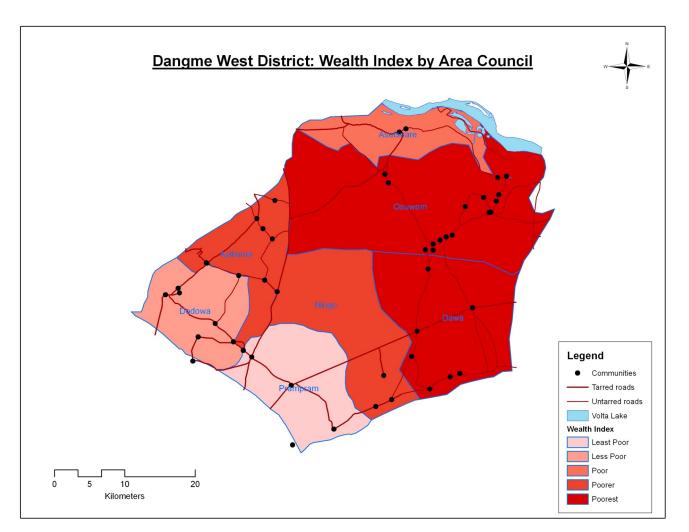

Objectives of the center

 To take part in identifying and carrying out priority research to help address policy, planning and implementation needs of the GHS.

 To build multi disciplinary capacity within the research centre to provide technical support and conduct Implementation Research

Objectives of the center

- To build capacity in finding effective solutions and implementation alternatives to identified need and problems.
- To disseminate results of research findings to key people, policy makers and anyone responsible for health care in a meaningful way.
- Be a Resource Centre for building capacity in applied Social Science Research
- Have a functioning DSS and be part of the INDEPTH Network

Research Capacity

- Medical Anthropology
- Epidemiology
- Demography and Population studies
- Population and Field based Epidemiology
- Medical Statistics
- Applied Health Social Science
- Public Health
- Basic Sciences
- Social Sciences

Priority Research Areas

Malaria

- Home based care for malaria
- INESS
- Involvement of private sector in health care delivery (Chemical Sellers)

Social Protection

- Health Insurance
- Conditional Cash Transfers for Pregnant women

Cost of care

- TB
- Malaria

Pregnancy Registry

Completed Projects

- Continuous quality Improvement for health care *
- Deployment of Rectal Artesunate *
- Male Involvement in family planning
- HIV and stigma
- Malaria and access to health care
- Design and Implementation of MHIS*
- Community perceptions on Community Health Insurance scheme
- Perceptions on and acceptability of Artesunate Amoduaquine
- Impact of the use of Rapid Diagnostic tests in the management of Malaria in public Health facilities*

Current Projects

- INDEPTH Effectiveness and Safety Studies
- Use of RDT in chemical shops
- Monitoring and Evaluating the impact of the ILO Global Social Trust conditional cash transfer pilot
- Pregnancy Registry
- TB Surveillance
- Flu surveillance

DHDSS

- First attempt at baseline 2003
- Baseline started in 2005
- Round1 data collection in 2006
- Bi annual data collection
- Events picked each round are
- Add on modules
- Annual updates on SES
 - Housing Structures Digitally mapped

Demography

HDSS surveillance pop	108,334
Surveillance area	1,528.9/sq km
Population density	70.9/ sq km
Households	22,360 in 376 communities
Sex ratio	87 males: 100 females
Household size	4.8

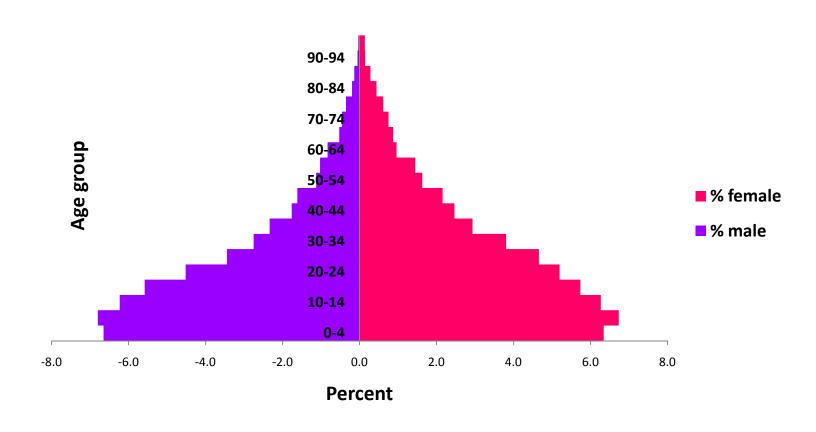

Demography -2

Infants	2.1%
< 5 yrs	13%
Females 15 - 49 yrs	26.9%
Dependency ratio	79% (2008) and 78.6% (2009)
Female headed households	39.7%

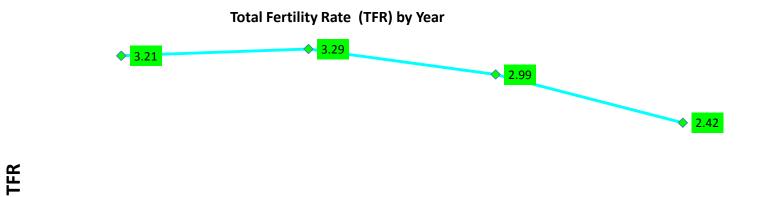

DHDSS Population Pyramid by Age and Sex,

39% being less than 15 years. the number of children born in the last five years has declined compared to the number born 10 years ago.

Total Fertility Rates by Year, DHDSS

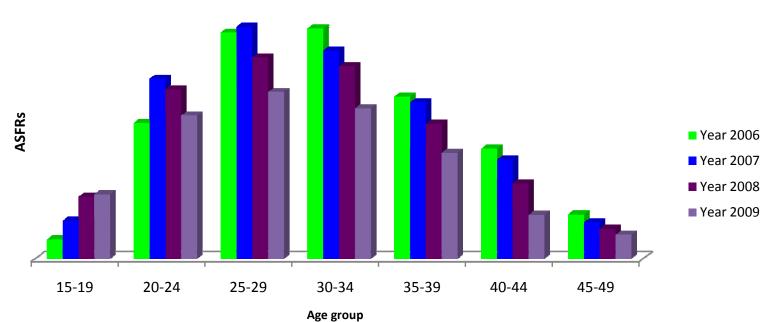

Year 2006 Year 2007 Year 2008 Year 2009

AGE-SPECIFIC FERTILITY RATES BY YEAR, DHDSS

Age Specific Fertility Rates (ASFR) by Year

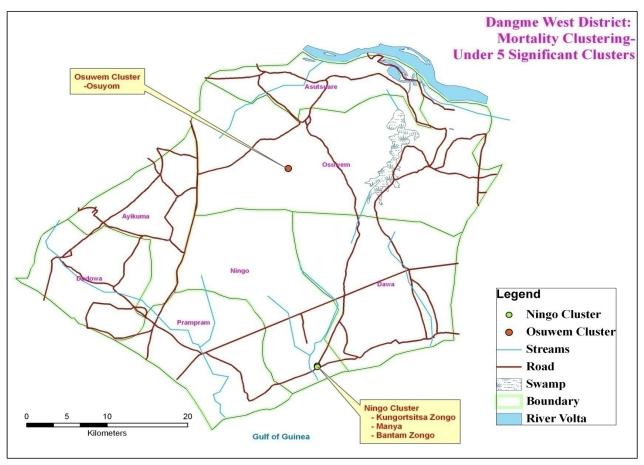

NB: The continuous rise in ASFR among the age group 15-19 (Teenage pregnancy)

Results- A map with significant clusters-Dodowa

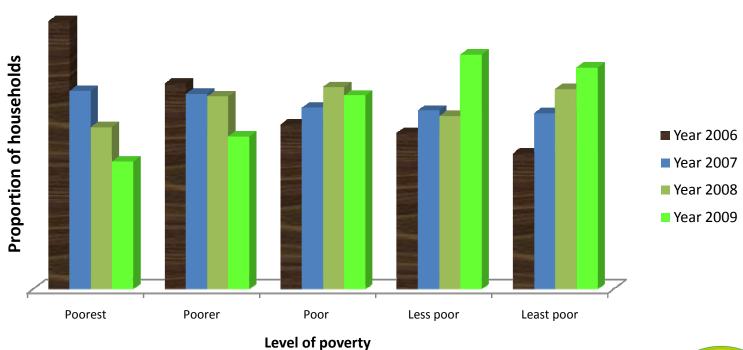

Trends in Households' Poverty levels

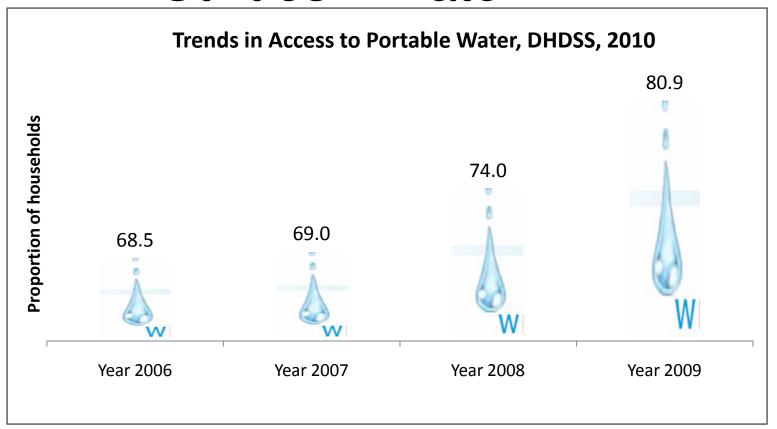

Poverty levels by year, DHDSS, 2010

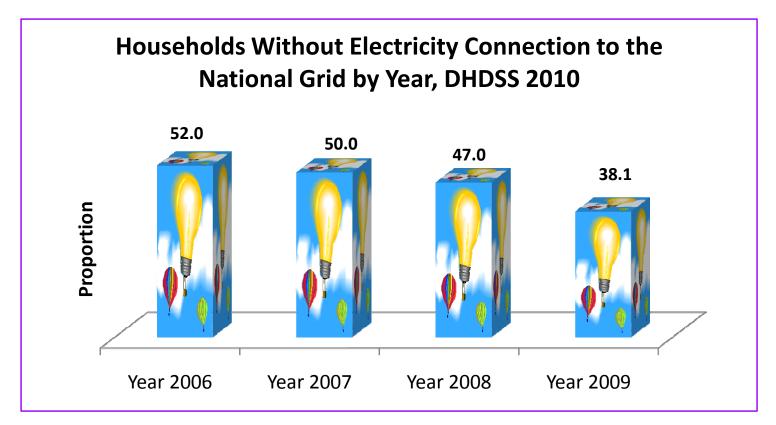

Utilities - Water

Utilities – Electricity Connectivity

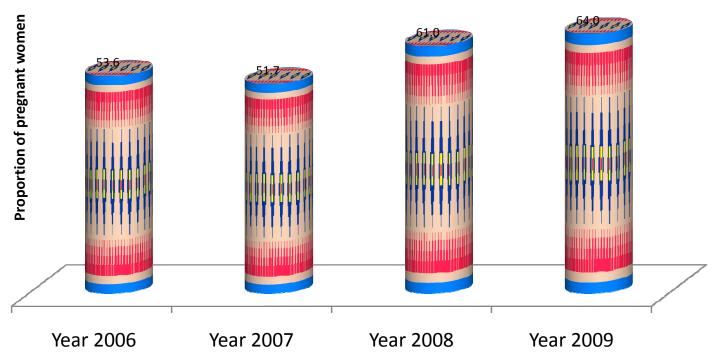

IPT

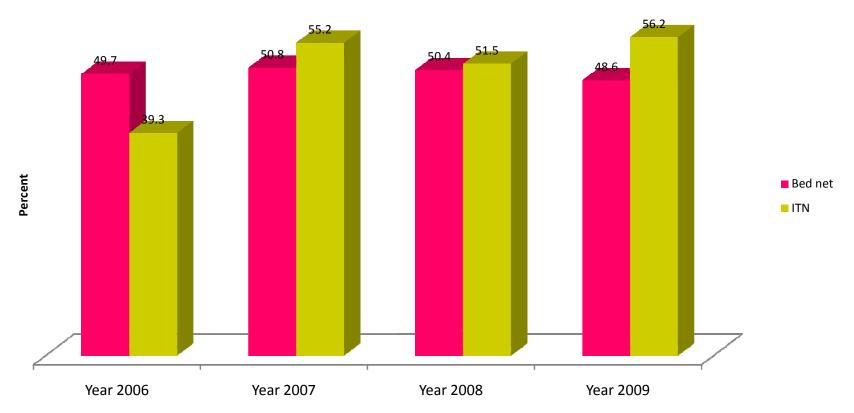

Pregnant women who received at least one IPT, DHDSS

Bednet and ITN usage among Pregnant women by year, DHDSS, 2010

Insurance Registration

- Increased from 33.3% in 2007, 49.8% in 2008 and to 59.7 % in 2009
- Non Registered households
 - Lack of Money 34.4% in 2008 to
 68.8 in 2009
 - Sub standard drugs 5.2% in 2008 to 4.4 in 2009
 - Attitude of staff 3.3% in 2008 to1.5 in 2009

INDEPTH WORKING GROUPS

- Mortality Clustering
- Urbanization and Migration
- Social Autopsy
- TB
- Hrweb
- Mortality Monograph
- INESS
- Cost of Illness

Links with DHMT

- Data for planning
- Home visits by CHN
- Targeted Distribution of bednets
- Zoning of the district for interventions
- Implementation Research

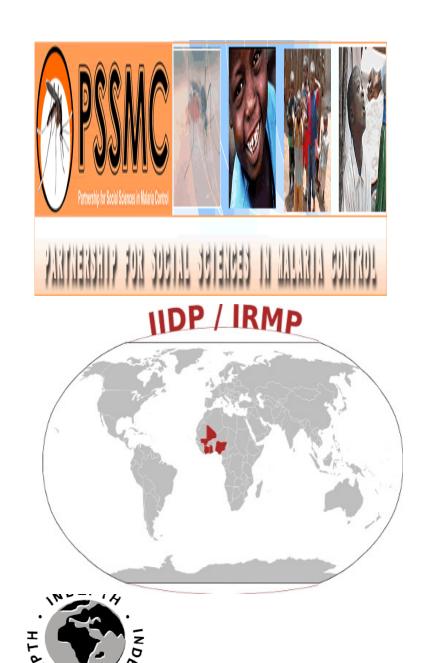

Links with Local Government

- House numbering
- Issuance of Birth Certificates
- Biometric Picture ID for community and facility data linkage
- Poverty Targeting
- Health Insurance Registration
- Official Issuer of house numbers
